

CONTENT INTEGRATION

You buy content or spend resources creating it, but do too few people use it?

Get more from your content by connecting it to River! Help people put content into context.

The most effective mentoring and social learning solutions blend together (1) hands-on experience; (2) support from knowledgeable mentors, advisors, and peer practitioners; and (3) a range of supporting learning resources.

Take once static resources and transform them into dynamic learning tools that spur collaboration in River.

How it works:

- 1 Our built-in content handler allows you to upload SCORM-compliant content* straight into River's mentoring and social learning environment.
- 2 River's smart recommendations intelligently serve up relevant content from your library directly to individual participants and learning groups.
- 3 Your employees collaborate and share around that content, use it as a catalyst for teachable moments, and confidently put its concepts and theories into practice at work.
- 4 You get a growing database of results and business intelligence through our connection with your Learning Record Store (LRS).

*River's content handler supports: SCORM 1.2, SCORM 2004 2nd Edition, SCORM 2004 3rd Edition, SCORM 2004 4th Edition, SCORM Cloud, AICC HACP, xAPI (Tin Can), LETSI RTWS and PENS.
